

TOWNLIN E

POULTRY FARM

"I guess you could say
it's in our blood...
to hatch and sell chicks"
HENRY GEERLINGS (1993)

SPECIAL ANNOUNCEMENT!

Please join us in welcoming
JOHN GEERLINGS
as he brings Townline Poultry
Farm to its 4th generation of
hatching excellence!

Thank you for requesting our 2015 catalog!

TO COMMEMORATE THIS SPECIAL OCCASION, WE OFFER YOU THIS SPECIAL EDITION CATALOG! WE HOPE YOU ENJOY A GLIMPSE INTO OUR PAST AND LOOK FORWARD TO WORKING WITH YOU IN 2015!

Established in 1913 by Jacob and Ada Geerlings, Townline Poultry Farm was one of as many as forty hatcheries located in Zeeland, Michigan. Jacob began with a vision to *"be an outstanding monument...to be the best in poultry..."* and earned numerous awards for quality. His slogan was *"The Personal Service Hatchery"* which he valued the most.

In 1945, their son Henry and wife Gertrude took over operations, expanding on Jacob's standards and showed his award winning hens with pride.

In 1988, three of Henry and Gertrude's five children, Jack, Richard, and Don began the third generation of operation, expanding on areas that include raising corn on 300 acres to provide feed for the 40,000 hens kept on site as part of our "hands on" approach to ensuring quality.

While the hatching room and chicken coops may look quite different than before, much of the equipment and many methods have stood the test of time and remain in use. John now joins Jack, his father, and Don, his Uncle, as owner and operator of the farm.

With generations of poultry experience, a proud tradition of personal service, and a commitment to excellence, we trust you will find that *Townline's 100 year pledge to quality poultry is a tradition that continues on to this coming hatching season.*

Don, John, and Jack Geerlings

ADDITIONAL INFORMATION

GIFT CERTIFICATES

Perfect for the chicken enthusiast in your life! Minimum purchase of \$10. Not redeemable for cash, dates and availability may vary.

VITAMINS & ELECTROLYTES

Give your chicks a healthy start by adding vitamins & electrolytes to their water as soon as you get them home. One packet is good for 128 gallons of water.

\$7 per packet

Mixing ratio:

1/4 teaspoon per gallon

MAREK'S VACCINE

Marek's disease is a liver disease that can be fatal to chickens. Protect your flock by getting your order vaccinated.

\$0.15 per chick

Minimum charge of \$5

BEAK TRIMMING

Pecking is a habit that any chicken can pick up due to various reasons. Avoid serious injury and keep your chickens safe with beak trimming.

\$0.15 per chick

Minimum charge of \$5

Raising chickens can be an exciting and rewarding experience. Keep yourself, others and your birds safe by taking a look at some basic care and bio security guidelines below!

NEW TO CHICKS?

CHICKEN CARE 101

BASIC GUIDE TO POULTRY CARE

1. A brooder with around 18" wall height should be set up and can contain them for several weeks.
2. The temperature should read **95 degrees F** under the light for the first two weeks. You can decrease that temperature by 5 degrees each week until you reach 65 degrees. At this point, they may not need an additional heat source depending on the weather.
**Turkeys, Guineas, and Pheasants start at 100 degrees*
3. Select a nutritionally balanced feed for the type of chicks you have purchased and supply them with water and feed all of the time.
4. Clean and disinfect your feeders and waterers weekly to reduce disease risk.

**Watch for odd behavior! Crowding, pecking, "pasty" hind ends can be signs of improper set up. Contact us and we can help!*

BIO SECURITY

1. Be aware that live poultry can be a source of human salmonella infections and other contagious diseases
2. Keep cages and equipment clean and avoid sharing tools and equipment with others
3. Wash your hands after handling poultry or equipment
4. Supervise children interacting with poultry and assist with proper hand washing afterwards
5. Do not allow poultry to live indoors
6. Do not snuggle or kiss the birds, touch your mouth or eat around live poultry

**Go to www.cdc.gov for more information.*

Townline Poultry Farm, Inc. is a member of the National Poultry Improvement Plan (NPIP) certifying breeder flocks as pollorum-typhoid free and regularly tests for avian influenza in accordance with federal and state guidelines.

Additionally, Townline incorporates a rigorous salmonella prevention program and keeps up to date on USDA procedures for biosecurity.

ISA BROWN *our best brown egg layer!*

Holds about 60% of The World Brown Egg Market. All other egg laying breeds are judged and compared to Isa Browns. Exceptional egg output with low feed conversion and bred for excellent egg size, Isa Browns are the best bet for optimum egg production!

Egg Color: Brown

Egg Production: Excellent

Temperament: Docile (can get pecky with age)

Hardiness: Very Hardy

BLACK SEX LINK

Best of two breeds, the Barred Rock and Rhode Island cross. Excellent egg layers with a large body size makes for a great dual purpose bird. Dependable layers for any flock!

Egg Color: Brown

Egg Production: Very Good

Temperament: Calm

Hardiness: Fairly Hardy

RHODE ISLAND RED

A old time farm favorite known for their impressive body size, consistent egg production, and hardiness, the Rhode Island is a popular choice for cross breeding. Perfect for an all around flock!

Egg Color: Brown

Egg Production: Very Good

Temperament: Docile (aggressive roosters)

Hardiness: Hot & Cold Tolerant

BARRED ROCK

A long time favorite choice for the backyard flock due to the reliable hardiness and consistency of egg production. Lovely plumage, large bodies, and a calm demeanor are all benefits to having Barred Rocks in the flock.

Egg Color: Brown

Egg Production: Very Good

Temperament: Calm

Hardiness: Very Cold Hardy

BLACK AUSTRALORP

A very good brown egg layer with a quiet disposition and large body, the Black Australorp is a great choice for a multi purpose flock. They have a lovely black plumage with a green sheen and are known to mature early.

Egg Color: Brown

Egg Production: Very Good

Temperament: Docile and Quiet

Hardiness: Cold & Heat Hardy

RED CROSS

A color sex-able breed that is the result of a Rhode Island Red male with a Columbian female. Female chicks will be red and male chicks will be yellow. A quiet, easy to handle breed that are high producers of rich colored brown eggs.

Egg Color: Brown

Egg Production: Excellent

Temperament: Docile, Easy to Handle

Hardiness: Fairly hardy

AMBERLINK

A hybrid breed that is part of the Isa Brown family, although slightly larger mature birds than Isa Brown. The Amberlink is a strong producer of large, dark brown eggs. Best choice for processing after getting optimum egg production.

Egg Color: Brown

Egg Production: Excellent

Temperament: Docile

Hardiness: Hardy

WHITE LEGHORN *white egg layer!*

High egg production, optimal egg weight, and modest feed conversion make the White Leghorn an efficient choice for egg production. Consistent egg quality and shell strength make key elements to a profitable egg producer!

Egg Color: White

Egg Production: Excellent

Temperament: Flighty (slightly skittish)

Hardiness: Heat Tolerant

*20% chick starter for the first 4-5 weeks, then drop to 18% grower.

*Standard breeds available February through June/July.

RARE BREEDS

SEX	BOX OF 25	BOX OF 50	BOX OF 75	BOX OF 100	500+
Straight Run	\$55.25 \$2.21 each	\$83.50 \$1.67 each	\$120.00 \$1.60 each	\$150.00 \$1.50 each	<i>call for price</i>
Pullets	\$64.50 \$2.58 each	\$122.50 \$2.45 each	\$172.50 \$2.30 each	\$220.00 \$2.20 each	<i>call for price</i>
Males	\$32.00 \$1.28 each	\$57.00 \$1.14 each	\$75.00 \$1.00 each	\$90.00 \$0.90 each	<i>call for price</i>

ARAUCANA - AMERAUCANA STRAIN *colored egg layer!*

Famous for laying **colored eggs**, although not to be confused with “Easter Eggers” as these are purebred. Egg colors can include blue, green, pink, and olive drab. Birds vary in color and size, some with whiskers and others with muffs of feathers covering their ears.

Egg Color: Colored

Egg Production: Good

Temperament: Active/Friendly

Hardiness: Very Cold Hardy

SILVER LACED WYANDOTTE

An attractive addition to any flock, the Silver Laced Wyandottes are known for their docile disposition and wide bodies. They have white feathers with black edging called “lacing” and make for a great dual purpose breed.

Egg Color: Brown

Egg Production: Good/Fair

Temperament: Docile

Hardiness: Very Cold Hardy

GOLDEN LACED WYANDOTTE

Beautifully colored, the Golden Laced are a popular choice for adding some uniqueness to the flock. Although slower growing, they are a larger breed and a good egg layer.

Egg Color: Brown

Egg Production: Good/Fair

Temperament: Docile

Hardiness: Very Cold Hardy

BLACK JERSEY GIANT

A consistent layer and heavy breed, Black Jersey Giants are a popular choice for dual purpose. Slower growing, but under proper circumstances, a rooster can reach 13 pounds while a hen can reach 10-11 pounds.

Egg Color: Brown

Egg Production: Moderate

Temperament: Calm

Hardiness: Very Cold Hardy

LIGHT BRAHMA

A stately, attractive bird with feathered feet. Known for their hardiness in cold temperatures, they are a good layer and easy to handle breed.

Egg Color: Brown

Egg Production: Good

Temperament: Easily Handled

Hardiness: Cold & Heat Hardy

BUFF ORPINGTON

An old time favorite due to their mild disposition and consistent egg production. Their lovely full plumage makes for an attractive addition to any flock.

Egg Color: Brown

Egg Production: Very Good

Temperament: Docile, A Favorite for Kids

Hardiness: Very Cold Hardy

WELSUMMER *STRAIGHT RUN ONLY*

A Dutch breed sought after for their spotted, dark brown eggs. Great for cold weather and free ranging.

Egg Color: Brown Speckled

Egg Production: Moderate

Temperament: Docile, Rarely Flighty

Hardiness: Cold Tolerant

*20% chick starter for the first 4-5 weeks, then drop to 18% grower.

*Rare breeds available February through June/July.

ASSORTED CHICKS *Hatchery Choice Only*

A great way to start a flock at a bargain price, our assortment can include any of the egg laying breeds carried. While we will do our best to get a wide array of breeds in your assortment, there is no guarantee on what breeds or quantity of breeds will be received.

JUMBO CORNISH ROCK CROSS

The most popular broiler type available, these birds are bred for quick growth, broad breast, thighs, and legs. Great for fryers or roasters, these birds are ready to dress out in 6-8 weeks with a feed conversion rate averaging at 2 pounds feed to 1 pound gain. Bred to grow faster after the first 4-5 weeks to prevent stress on the legs, the Jumbo Cornish Rock Cross should be your first choice for a fast growing broiler!

AVAILABLE YEAR 'ROUND!

**BROILER CHICKS
NEED
BROILER STARTER
NOT
CHICK STARTER**

Start at 23-24% protein for the first 4-5 weeks.

Drop to 20-21% for remaining weeks.

****After the first 2 weeks go to 12 hours ON & 12 hours OFF feeding schedule for healthy broilers****

FREEDOM RANGERS STRAIGHT RUN ONLY

An alternate choice to fast growing white broilers or slow growing heritage breeds, these red feathered broilers typically reach 5-6 pounds in 9-11 weeks. They fare well in foraging and pasture type environments and still produce tender meat.

Available: March - July/August

MORE BIRDS

DUCKS

WHITE PEKIN

The #1 choice for duck meat. Fast growing, docile, and a good egg producer. Great for an all purpose flock.

KHAKI CAMPBELL

A calm duck crossbred for high egg production. Lovely khaki colored plumage.

Straight run only. May mix for total ducks.

ROUEN

Very similar color to the Mallard, however, much larger and more domesticated. Good forager and moderate egg layer.

INDIAN RUNNER

The unusual domestic duck commonly referred to as the "penguin duck" tends to run as opposed to waddle. Great egg layer and forager.

Available February - June 1-14: \$4.00 each 15-29: \$3.50 each 30-99: \$3.25 each 100+: Call for prices

**duck starter or non-medicated chick starter.*

TURKEYS

BROAD BREASTED WHITE TURKEY

Most commonly used domesticated turkey for meat. Fast growing with a great feed conversion rate, these birds dress out quick and clean.

Straight run only.

Available March - July

1-19: \$5.85 each
20-49: \$5.60 each
50-99: \$5.35 each
100+: \$5.10 each

**26-28% turkey starter.*

ORLOPP BROAD BREASTED BRONZE

Fast growing and enjoyed for their similar coloring to a wild turkey, the Orlopp Bronze is a great choice for turkey meat.

Straight run only.

Available March - July

1-19: \$6.35 each
20-49: \$6.10 each
50-99: \$5.85 each
100+: \$5.60 each

**26-28% turkey starter.*

GAME BIRDS

PHEASANT

Also called the common pheasant, the Chinese Ringneck Pheasant is raised for a number of reasons including, training, release, and hunting.

Straight run only.

Available May - July

1-29: \$2.25 each
30-59: \$1.90 each
60-199: \$1.70 each
200+: Call for prices

**26-28% turkey or gamebird starter.*

FRENCH PEARL GUINEA

A popular game bird known for being alerting against predators and sought after for their well known insect control.

Straight run only.

Available Mid March - July

\$3.50 each

**26-28% turkey or gamebird starter.*

OTHER BIRDS

ASSORTED BANTAMS

Bantams make for great small farm birds or show birds. Colorful and good setters. Assortment is Hatchery choice only.

Straight run only.

Available May - July

1-29: \$2.80 each
30-59: \$2.60 each
60-119: \$2.35 each
120+: \$2.25 each

**20% chick starter.*

HATCHING EGGS CHICKEN BREEDS ONLY

Try the hatching process yourself! Minimum order of 3 dozen - 1 breed per dozen.

**Only guarantee - 70% fertile*

\$12 per dozen + \$11 shipping

ORDERING INFORMATION

HOW TO ORDER

1 SELECT

Decide what type of chicks you would like. Keep in mind what you are trying to accomplish - Eggs, meat, or fun!

2 CHOOSE SEX

Egg Laying Breeds - females will lay eggs whether or not there is a rooster. 1 rooster per 6-10 hens is sufficient for fertile eggs. Meat Breeds - males typically grow larger, faster, but females tend to have more breast meat. Straight run will typically end up with both sexes.

3 EXTRAS

Marek's vaccine, beak trimming, and vitamins and electrolytes are available. See additional information page for more details.

4 PLACE THE ORDER

You can place your order several different ways:

- Fill out the enclosed order form and mail or fax it in
- Order online at www.townlinehatchery.com
- or Give us a call! We will be happy to walk you through it!

5 PREPARE

The week of your order's scheduled ship date, you can contact your post office to let them know you are expecting a shipment of chicks. They will call you once they arrive to be picked up. Be sure to have your brooder set up and ready to go - take a look at additional information page for a set up guide.

6 ARRIVAL

Once you have picked up your shipment, be sure to inspect the chicks to ensure all have arrived live and in good condition.

...and enjoy!

TO FIGURE SHIPPING:

1. Take the FIRST 3 numbers of your ZIP CODE to determine your ZONE using the chart below.
2. Take the TOTAL amount of chicks ordered.
3. Cross reference your zone and total quantity using the chart below to calculate shipping cost.

OFFICIAL ZONE CHART

Originating from Zip codes beginning with 493-495
Use the first three numbers of your zip code to find your zone.

Prefix	Zone	Prefix	Zone	Prefix	Zone	Prefix	Zone	Prefix	Zone	Prefix	Zone

AFTER YOU TOUCH DUCKLINGS OR CHICKS, WASH YOUR HANDS SO YOU DON'T GET SICK!

- Contact with live poultry (chicks, chickens, ducklings, ducks, geese, and turkeys) can be a source of human Salmonella infections.
- Salmonella germs can cause a diarrheal illness in people that can be mild, severe, or even life threatening.
- Chicks, ducklings, and other live poultry can carry Salmonella germs and still appear healthy and clean.
- Salmonella germs are shed in their droppings and can easily contaminate their bodies and anything in areas where birds live and roam.

PROTECT YOURSELF AND YOUR FAMILY FROM GERMS

DO

- Wash your hands thoroughly with soap and water right after touching live poultry or anything in the area where they live and roam.
- Adults should supervise hand washing for young children.
- If soap and water are not readily available, use hand sanitizer until you are able to wash your hands thoroughly with soap and water.
- Clean any equipment or materials associated with raising or caring for live poultry outside the house, such as cages or feed or water containers.

DON'T

- Don't let children younger than 5 years of age, elderly persons, or people with weak immune systems handle or touch chicks, ducklings, or other live poultry.
- Don't let live poultry inside the house, in bathrooms, or especially in areas where food or drink is prepared, served, or stored, such as kitchens, or outdoor patios.
- Don't snuggle or kiss the birds, touch your mouth, or eat or drink around live poultry.

For more information, call 1-800-CDC-INFO or visit www.cdc.gov.
